PROFESSIONAL SUMMARY

Commercial and Delivery Leader with 14+ years winning, running, and growing enterprise technology services accounts across consulting, capital markets, and insurance. Has led bids from \$500K to \$25M+ with P&L and EBIT ownership of the business case, and then delivered the work that was sold, which shapes how a deal gets qualified and priced. Managed services runs through the whole career: support books, renewals, and extensions earned on delivery performance.

KEY ACHIEVEMENTS

- **Led Bids From \$500K to \$25M+:** Built the business cases with full P&L and EBIT ownership and carried each deal through to close, contributing to \$7M+ in competitive wins.
- **Grew a \$65M+ Portfolio 28% Year Over Year:** Across 12 enterprise accounts, secured a \$9M managed-services extension and lifted retention by 15%.
- **Turned Delivery Into Follow-On Work:** As Program Director on a multi-year core platform program for a national insurance carrier, helped grow the insurance vertical about 40% between 2020 and 2022.
- **Expanded Existing Accounts by 7-10%:** Worked with Sales and Marketing on pricing, packaging, and renewal strategy, using structured account planning to find revenue inside the installed base.
- **Kept a \$2.5M Support Book at Full SLA Compliance:** Ran steady-state production support with KPI tracking that clients cited when they renewed.
- **Made Proposals Credible by Delivering on Them:** Cut average program slippage from 22% to under 8% across a multi-client portfolio, a record that carried weight in the next bid.
- **Coached Delivery Leads to Think Commercially:** Taught client relationship and account planning discipline through an insurance Center of Excellence, and managed Engagement, Project, and Product Managers directly with zero attrition.

CORE COMPETENCIES

- Bid Leadership and Deal Shaping
- Managed Services Growth: Renewals, Extensions, Support Contracts
- Commercial Modelling: Pricing, Margin, P&L and EBIT
- Proposals, Statements of Work, and Contract Negotiation
- Account Planning and Expansion
- Pipeline Tracking and Forecasting (Salesforce, Dynamics 365)
- Presenting to Senior Client and Firm Leadership
- Service Management and SLA Design (ITIL)
- AI Business Cases and Client Value

PROFESSIONAL EXPERIENCE

Sapiens Insurance Solutions | Director of Client Engagement and Digital Delivery

Sep 2024 - Present

Victoria, BC (Remote)

- Serve as senior escalation point across Sales, Marketing, Engineering, and Product on pricing, packaging, and account strategy for enterprise clients.
- Author and negotiate statements of work, RFP responses, and proofs of concept across new-logo and expansion opportunities.
- Own delivery across enterprise SaaS migrations in Workers' Compensation and Reinsurance, with go-live outcomes reported to client leadership.
- Build generative AI business cases, including ROI models and proofs of concept, and lead AI agent integrations with Microsoft inside the client platform.
- Manage cross-functional teams across India, Eastern Europe, and North America under one accountability standard.
- Partner with product leadership on Digital Suite upgrades and the rollout of an agentic AI platform for Workers' Compensation, turning roadmap into client-ready offers.

S&P Global | Associate Director, Client Delivery

Nov 2022 - Sep 2024

Victoria, BC (Remote)

- Served as senior delivery partner to enterprise capital markets and fintech clients, setting up governance across 8 Agile product teams that tied milestones to client business outcomes.
- Built and led a 14-person team of Engagement Managers, Project Managers, Product Managers, and Technical Leads.

- Launched AI-enabled low-code applications with Product and Marketing, contributing to a 20%+ improvement in client satisfaction scores.
- Led consolidation after the IHS Markit and S&P Global merger, bringing two delivery cultures onto one set of tools and practices.

CGI Group | Principal, Application Services

Dec 2019 - Nov 2022

Victoria, BC | US New England (Remote)

- Tracked pursuits in Salesforce and Dynamics 365 from first conversation to signature.
- Owned client relationships, governance, and commercial outcomes for two \$4M-\$10M cloud transformation engagements at large financial services clients.
- Presented technology strategy and portfolio roadmaps to C-suite stakeholders, building the credibility that turned repeat engagements into expanded scope.
- Directed Guidewire and Duck Creek platform delivery for a national insurance carrier with teams across the US, Canada, and India.
- Held P&L accountability for a \$7M working budget on a data and analytics transformation for a Fortune 500 insurer, covering budget planning and margin performance.
- Delivered a payment gateway integration and PCI-DSS compliance program for a major financial services client, coordinating security, compliance, and engineering through go-live.
- Advised client organizations as an Agile Coach on setting up PMO structures and moving to Lean Portfolio Management.

CGI Group | Lead Business Consultant

May 2015 - Dec 2019

Hyderabad | Victoria, BC

- Built long-term advisory relationships across enterprise clients, shaping account solutions that supported sustained portfolio growth.
- Led 20+ medium-to-large software programs end to end, with geographically dispersed teams as large as 120+.
- Scaled a technology organization from 23 to 75 in fifteen months, including recruiting, onboarding, and bench planning against regional demand.
- Advised insurance clients as an internal SME on multi-year product and platform roadmaps across commercial and personal lines.
- Fronted Centers of Excellence through training, knowledge transfer, innovation labs, and mentoring across multiple consulting teams.
- Built the estimation models, cost analyses, and project charters behind large implementation bids.

CGI Group | Senior Business Consultant

Apr 2014 - Apr 2015

Columbus, OH | Hyderabad

Mapfre USA and Liberty Mutual | Various Roles

Apr 2011 - Mar 2014

Indianapolis, IN | Columbus, OH

- Held production support and managed-services ownership for a live Pega Insurance rules engine supporting core insurance operations.

EDUCATION

MBA, International Business and Entrepreneurship

University of Victoria, BC | 2017 - 2019

MS, Electrical Engineering

New York University, NY | 2009 - 2011

BE (Hons.), Electronics & Instrumentation

BITS Pilani, India | 2004 - 2008
